

Thank you for taking the time to answer this questionnaire. I am a 58 yr old divorced woman who has watched her retirement plans go down the tubes these last 5 years.... for a number of reasons. I am on track to reclaim my retirement dream/plans and I am on-line now to coach other mid-age women to take charge of their retirement plans. Your answers to this questionnaire will help me, and ultimately, you. I appreciate your help and your honesty!!
